YEAR OF SELF DISCOVERY: SHAPING THE FUTURE

January Newsletter
2021

Happy New Year 2021! We are very excited to start this year with our program youths. We have prepared fresh programs for our youths to join this year that will be solely aimed to discover their talents and improve their skills. This year's theme will be all about Self Discovery. YES! As the situation is limiting our youths to maximize their learning experience at school, we will help them to find the joy in gaining the knowledge by themselves.

With our 5 strong programs: Junior Life Skills, Senior Life Skills, Entrepreneurship Program, First Employ, and Community Action Project, we encourage these youths to experience their journey of Self Discovery; finding motivation, managing time, working with their peers and leading a group. Driving these programs based on UNESCO's 4 Pillars of Education (Learning to Know, Learning to Do, Learning to Live Together, and Learning to Be), we believe that these youths are going to be able to shape their future by their own hands! Witness their growth this year and be sure to follow their journey with us.
